Christine Lomonaco,

Item 1 Should we continue to offer door to door busing for all students

Discussion summary:

For the safety of the students, we agreed to continue busing for every student. We are going to look at possible establishing bus stops at certain blocks in areas where it is residential and sidewalks exist. This would only be considered for middle school and high school students. K through grade 5 will continue door to door service

Action: Beth and Sue will look at the feasibility of this approach.

Item 2 Limit the number of pick-up and drop off locations for students and reduce daily bus changes for drop-off and pick-up

The policy of the district is to encourage only 1 pick-up and 1 drop-off location for each student. We have not enforced this. Call-in daily bus changes have grown out of control.

Action: Beth and Sue will look at the feasibility of revising our policy to better reflect our existing and stated policy with exceptions for emergencies and child shared custody situations. A more stringent daily bus change policy will be investigated.

Action: Beth and Sue will look at the feasibility of this approach
