- Meeting was dedicated to interviewing the two final candidates as a result of a recent request for proposals for an architectural firm.
- We interviewed Arcadis and Highland. They both made a brief presentation and then were asked a series of questions by the committee
- Both firms were deemed to be good candidates for the appointment
- The Committee discussed that Arcadis/Steve Thesier has a long history with the district and there are no major concerns with their performance
- The decision was made to appoint Arcadis for the 2025-26 school year and up to 4 renewals after that.
