4. Agenda Item #1: 1st Quarter Academic Data

Overview of Quarter 1 data. We looked at Passing/Failing, Fountas and Pinnel, AIMS Web ELA and math, Absenteeism and Extra-Curricular Participation.

Kindergarten is testing low and resources will be allocated there.

Data is consistent with last year. Some of the data was difficult to compare because we increased the qualifying cut-offs from 30% to 60% .

Overall improvement in attendance

Next meeting we will focus on extra-curricular data, class sizes and special education data.

5. Conversations to note:

- We discussed class sizes and parameters. Ideally we would have 19-20 per class at Port Dickinson, 20-23 per class at Chenango Bridge, 23-25 per class at the Middle School and no more than 25 at the high school. We will look at this further at the next meeting.

-We discussed new textbooks: Units of Reading, STEM Scope digital science and a business/marketing book.

-We discussed technology for next year. K-2 will have 10 ipads per class, 3-12 we are looking fro 1:1 devices. 3-8 may have chromebooks and 9-12 we are investigating. We are looking into hot spots.

5. Adjourn Meeting at: 4:15
