4. Agenda Item #1: Update on High School Programing

-Guidance spoke to several colleges and found schools are now taking a holistic approach to acceptance. It is subjective by school. They all typically will not penalize if there was no opportunity for AP/College level classes. They look at strength of schedule, community service and counselor letters. Almost all schools look at unweighted grades.

- District is looking into three “new” ideas:

- Online learning- 3 or 4 courses

- AP online/distance learning

- Partnership with SUNY Broome

5. Agenda Item #2: Mid-Year Testing Data- Postponed to the April Meeting

6. Agenda Item #3: Data Dashboard Discussion

- Looked at the District Dashboard as well as Special Education and determined which areas to report quarterly, three times a year and yearly. For example, AIMS Web will be Fall/Winter/Spring, Fountas and Pinnel will be Fall and Spring, and failure rates/attendance will be quarterly.

7. Adjourn Meeting at: 6:00pm
