DISCUSSION: This is an addition to the report of 10/29/08. We ask the BOE to submit Three Questions to Jack, use E-Mail, that they would like to incorporated in next years Exit Interview. We would like the Government classes to be involved by taking on the survey as a class project by developing some of the questions, setting up the form, and also in administering the survey to the public again. Besides the table in the lobby have some students outside the building where it is not congested. We feel that the web site should be improved to make it more user friendly. When we have succeeded in this stage, advertize the web site in the Elementary News Letters, and the Junior and Senior guidance letters, any letters sent home by the Middle school. We should advertize the web site on our stationary when a new order is made Make people aware that we have these avenues open to them. We think that an additional Newscasters should published prior to the Budget Information Meeting. we should put the budget deliberation out so people will see the process not just the final figures.
