I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature

David P. Sie

Date

11/2/15

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, **November 20, 2015**, as well as kept on file at both the school and the district offices.

Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
 - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
 - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
 - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the “who, what, when, and why” of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

| Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement. | | | | | | | | | | | |
|---|--|---|----------------------------|-------------------------------------|-------------------------------------|----------------------------|--------------------------------------|---------------------|------------|-------------------------------------|---------------------------------------|
| Rating | Statement of Practice 2.2: The school leader ensures that the school community shares the Specific, Measurable, Ambitious, Results-oriented, and Timely (SMART) goals/mission and long-term vision inclusive of core values that address the priorities outlined in the School Comprehensive Educational Plan (SCEP). | | | | | | | | | | |
| <input type="checkbox"/> | Highly Effective | a) The SMART goals/mission and long-term vision are created and supported by staff, families, and students and are uniformly seen, heard, and known across the entire school community and affiliated partnerships. b) The school leader champions the implementation of a data-driven mission for student achievement and well-being and holds the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents. c) The school leader and community stakeholders regularly monitor and evaluate progress toward attainment of SMART goals and priorities in the SCEP that are aligned to the long-term vision, making adjustments when goals are not achieved, improvements are needed, and priorities become misaligned. | | | | | | | | | |
| <input checked="" type="checkbox"/> | Effective | a) The SMART goals/mission and long-term vision are created and supported by a representative group of staff, families, and students and some affiliated partnerships. b) The school leader shares a data-driven mission for student achievement and well-being with the school community of stakeholders and has a plan for how to work together to realize this long-term vision and the school priorities as outlined in the SCEP and other school improvement documents. c) The school leader and community stakeholders monitor and evaluate progress once or twice a year toward SMART goals and priorities in the SCEP aligned to the long-term vision. | | | | | | | | | |
| <input type="checkbox"/> | Developing | a) The SMART goals/mission and long-term vision are created with limited input by stakeholders, and are in the process of being shared with staff, families, and students across the school community. b) The school leader has a data-driven mission for student achievement and well-being, outlined in the SCEP, and is in the process of developing how the school community will work to realize the long-term vision. c) The school leader is in the process of adapting SMART goals that better align to the long-term vision, or these SMART goals exist but are not monitored and evaluated. | | | | | | | | | |
| <input type="checkbox"/> | Ineffective | a) The SMART goals/mission and long-term vision are unknown, not commonly understood, and/or have not been shared with staff, families, and students across the school community. b) The school leader has not developed a data-driven mission that is connected to the long-term vision. c) The school leader has not developed SMART goals or the current goals are not aligned to the long-term vision. | | | | | | | | | |

Tenet 3 - Curriculum Development and Support: The school has rigorous and coherent curricula and assessments that are ***appropriately aligned to the Common Core Learning Standards (CCLS) for all students and are modified for identified subgroups in order to maximize teacher instructional practices and student learning outcomes.

| Rating | Statement of Practice 3.2: The school leader ensures and supports the quality implementation of a systematic plan of rigorous and coherent curricula appropriately aligned to the Common Core Learning Standards (CCLS) that is monitored and adapted to meet the needs of students. | | | | | |
|---|--|--|----------------------------|------------------------------------|----------------------------|-----------------------------|
| <input type="checkbox"/> | Highly Effective | <p>a) The school leader, using a distributive leadership model, ensures that a systematic plan (i.e., a plan that has targeted goals to address the needs of all students and subgroups, a schedule for professional development support, and vertical/horizontal collaborative meeting time) exists for the quality implementation of rigorous CCLS curricula.</p> <p>b) The school leader uses the systematic plan to provide teachers access to robust pedagogical support (i.e., inter-visitation, cross-grade conversations, exemplar curriculum models, access to expert CCLS curriculum writers, and CCLS conferences), materials, and training aligned to CCLS curricula and instructional shifts for individual and subgroups of students.</p> <p>c) The school leader ensures that a cohesive, comprehensive, and adaptive curricula, inclusive of clearly developed units aligned to CCLS and NYS standards, is used across all areas of study, including interventions, AIS/RTI, dual credit courses, and electives, by monitoring the implementation of the curricula and regularly examining formative and summative assessments and student work.</p> | | | | |
| <input checked="" type="checkbox"/> | Effective | <p>a) The school leader ensures that a systematic plan (i.e., a plan that has targeted goals to address the needs of all students and subgroups, a schedule for professional development support, and vertical/horizontal collaborative meeting time) exists for the quality implementation of rigorous CCLS curricula.</p> <p>b) The school leader uses the systematic plan to provide teachers access to pedagogical support, materials, and training aligned to CCLS curricula and instructional shifts for individual and subgroups of students.</p> <p>c) The school leader ensures that staff use a comprehensive and adaptive curricula, inclusive of clearly developed units aligned to CCLS and NYS standards, across all areas of study, including interventions, AIS/RTI, dual credit courses, and electives, by monitoring the implementation of curricula.</p> | | | | |
| <input type="checkbox"/> | Developing | <p>a) The school leader is in the process of developing a written plan that includes targeted goals to address the needs of students, schedule/calendar for professional development support, and vertical/horizontal collaborative meeting time for implementing CCLS curricula.</p> <p>b) The school leader is beginning to provide appropriate access to pedagogical support, materials, and training to teachers aligned to CCLS curricula and instructional shifts for individual and subgroups of students.</p> <p>c) The school leader encourages staff to use comprehensive curricula, inclusive of clearly developed units aligned to CCLS and NYS standards, across all areas of study, including interventions, AIS/RTI, dual credit courses, and electives.</p> | | | | |
| <input type="checkbox"/> | Ineffective | <p>a) The school leader has no written plan for CCLS and NYS curricula alignment across all areas of study and is not developing one.</p> <p>b) The school leader does not provide access to pedagogical support, materials, and training to teachers aligned to CCLS curricula and instructional shifts for individual and subgroups of students.</p> <p>c) The school leader does not ensure and makes little effort to encourage teachers across all areas of study to use curricula aligned to CCLS and NYS standards.</p> | | | | |

Describe the process used to develop this plan pursuant to CR100.11.

The process used to develop this plan included:

- Direct Observation of staff and students
- Analysis of Staff LAP Survey
- Analysis of Parent LAP Survey
- Review of District and Building Strategic Plan
- Collaboration of Building Principal, Director of Curriculum, Director of Special Education, Director of Technology, Assistant Superintendent and Superintendent
- Guidelines for completing Local Assistance Plan
- Review of District Data over the past 5 years
- Meet with the RSE-TASC to review plan and plan future Professional Development with our Chenango Bridge Staff

Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.

The Chenango Valley District is committed to providing a quality education to all students. Over the past several years, we have implemented a system of attaching a Special Education teacher and an AIS teacher to each grade level throughout the district K-5. These professionals have become “experts” in the curriculum and support all student’s learning. The building RTI program is now well established and is key to student identification and monitoring. Additionally there have been several staff changes with new personnel throughout the district. We have recently purchased the Pearson series for our Kindergarten through second grade, which enhances the Pearson series that we purchased last year for grades 3-5. We have purchased and trained all staff in the Fountas & Pinnell program for grades K-5. In addition we have purchased and trained our AIS and Special Education teachers K-2 with the Leveled Literacy Instruction program. We have also implemented the Accelerated Reading program at Chenango Bridge Elementary School. One last thing that the district has done to help align instruction and best practices was to transition our third grade classes to our intermediate building and our sixth grade classes to our Middle School. The Local Assistance Plan will be shared with various stakeholders including the building staff and Board of Education.
