

Code of Conduct

I. Introduction

The Chenango Valley Central School District’s Board of Education (“Board”) is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The Board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. XI. Disciplinary Penalties, Procedures and Referrals

Discipline is most effective when it deals with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

Depending on the nature of the violation, it is the Board's desire that student discipline be progressive, i.e., a student's first violation may merit a lighter penalty than subsequent violations. It is also the Board's desire that staff take into account all other relevant factors in determining an appropriate penalty. The following penalties may be imposed either alone or in combination. Based upon the circumstances, it is at the discretion of school staff to determine the penalty warranted by a particular violation.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this Code of Conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior caused by or had a direct and substantial relationship to the disability or if the conduct was a direct result of the district's failure to implement the IEP. If warranted, as determined by the manifestation determination hearing.

A. Penalties

Students who are found to have violated the district's Code of Conduct may be subject to the following penalties, either alone or in combination.

1. Oral warning
2. Written warning
3. Oral and written notification to parent
4. Detention
5. Suspension from transportation
6. Suspension from social or extracurricular activities
7. Suspension of other privileges
8. In-school suspension (ISS) or exclusion from a particular class
9. Removal from classroom by teacher or principal
10. Short-term (five [5] days or less) suspension from school
11. Long-term (more than five [5] days) suspension from school
12. Removal from social or extracurricular activities
13. Permanent suspension from school

Levels of Misconduct

Different offenses require different responses. The following is a categorization of offenses into levels:

Level I

- | | |
|---|---|
| <ul style="list-style-type: none"> A. Illegal lateness to school B. Unexcused tardiness to homeroom, class, study hall or assigned schedule | <ul style="list-style-type: none"> C. Misconduct, including loitering, in the classroom, study hall, cafeteria, hallways, school property, and school-related activities |
|---|---|

Level II

- | | |
|--|--|
| <ul style="list-style-type: none"> A. Cutting class, study hall, cafeteria, or remedial period B. Leaving school without permission C. Inappropriate display of affection (if warning is ineffective) | <ul style="list-style-type: none"> D. Failure to adhere to parking permit regulation E. Unauthorized use of cell phones (speaking, texting or taking pictures/movies) or electronic music device or smart device use during school hours |
|--|--|

Level III

- A. Cheating
- B. Forgery
- C. Truancy
- D. Insubordination or disrespect
- E. Stealing or possession of stolen property
- F. Harassment – physical, verbal, sexual
- G. Destruction or defacement of school property or another's personal property

Level IV

- A. Possession or use of a dangerous weapon
- B. Possession, distribution, sale, or use of cigarettes, electronic cigarettes (including but not limited to, e-cigarettes, “Juil,” Dab Pen, Vape Box Mods, Vape Liquid), alcoholic beverages, drugs, or drug paraphernalia
- C. Use of physical force (fighting) and/or offensive, obscene, or threatening language directed toward staff member(s) or member(s) of the student body that results in intentional or unintentional injury to staff or student
- D. Assault/Battery
- E. Making bomb threats or turning in a false alarm and/or making threats to cause serious bodily injury and/or to harm property

Disciplinary ResponsesLevel I

The precise nature of these offenses can vary greatly. The administrator is not restricted to any definite action on this level but may include verbal warning, lunch detention, after school detention, or alternate learning placement.

Level II

These offenses, of a more serious nature, may result in assignment to ISS or an alternative learning placement.

- A. Students caught cheating on work in class will receive zero (0) for that piece of work and the teacher will notify the parent/guardian. A second offense of cheating will result in assignment to the alternative learning placement.
- B. As a rule, no student will serve a total of more than seven (7) days in the alternative learning placement. Assignment to the alternative learning placement beyond seven (7) days may be assigned at the discretion of the administrator. After a student receives seven (7) days of accumulated time in the alternative learning placement, an alternative learning placement assignment during the school day or evening will result. This program will run from 3:00 – 5:30 p.m.
- C. When it appears that daily evening suspension is no longer effective or if a student is disruptive while serving in the alternate learning placement, then out-of-building suspension will be assigned by the building principal for a period of one (1) to five (5) days.
- D. A parent/guardian conference shall be offered for each out-of-building (OBS) suspension. The conference could include the principal, assistant principal, parent/guardian, student, and teacher. This conference may be held at the beginning or end of said suspension.
- E. After three (3) out-of-building suspensions within one (1) academic year, a preliminary Superintendent’s conference may be required at the Superintendent’s discretion.

Level III

The precise nature of these offenses can vary greatly. The administrator is not restricted to any definite action on this level. Appropriate responses are assignment to the alternate learning placement and out-of-building suspension. There are times when student misbehavior will require a Superintendent’s hearing to remove a student from school. This will happen only after building administration has exhausted all other means of discipline to correct the student’s behavior. The administration will have, at various times, worked with these resources: Parents, Teachers, Guidance Counselors, School Psychologist, School Social Worker, Peer Mediation (if available).

Level IV

Offenses under Level IV will be dealt with by out-of-building suspension and a mandatory parent/guardian conference. Law enforcement agencies may be contacted as necessary. Extracurricular activities may be suspended indefinitely or the student may be removed from activities pending administrative review. Students caught using tobacco products may be offered an opportunity, in lieu of assignment to the alternate learning placement, to participate in a one (1) day substance abuse program offered by the local school district (i.e. the American Cancer Society or Broome County Health Department) and validated by the school district. Parents will be responsible for transportation. Validation of student attendance/satisfactory completion will be required from the agency. This school-approved program must be completed in a reasonable amount of time.

Participation in Non-Credit Bearing Extracurricular Activities

1. A student assigned to the alternate learning placement for a first offense is automatically suspended for the next group activity (i.e., game, match, performance, dance, etc.) that takes place in the “season” of the infraction.
2. A student assigned to the alternate learning placement an additional time during the same season, production period, etc., will be dismissed from participation indefinitely pending investigation by the coach, advisor, director, etc., and/or the assistant principal/principal.
3. A student who is on Out of Building Suspension (OBS) shall not participate in or attend any extracurricular activities during the day or days of suspension. In addition, the student will be suspended from additional participation as follows:
 - a. 0-2 days of OBS – 1 week suspension from participation from the student’s OBS return date.
 - b. 3+ days of OBS – 2 weeks of suspension from participation from the student’s OBS return date.
 - c. All suspensions are pending an investigation by the coach, advisor, director, etc., and/or the assistant principal/principal with further suspension from participation and/or removal pending the outcome of the investigation.
4. A student who is found to have violated the Student Tobacco policy or found to be in possession, distributing, selling, using alcoholic beverages shall automatically be suspended for 4 weeks from any and all participation in non-credit bearing extracurricular activities; regardless of whether such suspension overlaps into different activities/seasons.
5. A student who is found in possession, distributing, selling or using drugs or drug paraphernalia shall automatically be suspended from all participation in his/her current non-credit bearing extracurricular activities for the remainder of the activities’ term or season or shall be suspended for a period of fifteen (15) weeks from participation in any noncredit bearing extracurricular activities regardless of whether such suspension overlaps into different activities/seasons; whichever term is greater.
6. Students that are forthcoming and honest when interviewed about misconduct, except misconduct described in #5 (Drugs) may be eligible for a “First Time Honesty Reduction.” Students shall only be eligible for the “First Time Honesty Reduction” one (1) time while a student is at the district.

Each case will be judged individually before the principal makes the final determination. Exceptions may be made with the recommendation of the administrator and the approval of the Superintendent. Exceptions may include the ability to practice and/or be a part of an activity, but be ineligible to play in any activities during the suspension period.

Student Tobacco Policy

1. Students are not to have cigarettes or other tobacco products in school, on school grounds, or on school transportation. Including but not limited to e-cigarettes, “Juul,” Dab Pen, Vape Box Mods, Vape Liquid, and chewing tobacco.
2. If it is obvious that a student has tobacco products in his/her possession, they will be confiscated and not returned.
3. Students will be considered in violation of this policy if:
 - a. they are seen in the act of smoking (if smoke is coming from mouth, nose),
 - b. they have a cigarette (lighted or unlighted) in their possession,
 - c. they are using chewing tobacco,
 - d. they have or are using an electronic cigarette or a similar device.
4. The professional and support staff will be required to enforce this policy. Any student who interferes with the enforcement of this policy by acting as a “look-out” or “early warning” device will be considered to be insubordinate and will be assigned to the alternative learning placement for one (1) day for the first offense. Multiple offenses will be dealt with at the discretion of the administration.

Disciplinary and Remedial Consequences

The district emphasizes the creation and maintenance of a positive learning environment for all students. Measured, balanced, and age-appropriate responses to the discrimination and harassment of students by students and/or employees on school property, including school functions, with remedies and procedures focusing on intervention and education is needed to maintain the desired learning climate. Remedial responses which may be utilized include:

1. Peer support groups; corrective instruction or other relevant learning or service experience;
2. Supportive intervention;
3. Behavioral assessment or evaluation;
4. Behavioral management plans, with benchmarks that are closely monitored;
5. Student counseling and parent conferences.

Beyond these individual-focused remedial responses, school-wide or environmental remediation can be an important tool to prevent discrimination and harassment. Environmental remediation strategies may include:

1. Supervisory systems which empower school staff with prevention and intervention tools to address incidents of bullying and harassment;
2. School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
3. Adoption of research-based, systemic harassment prevention programs;
4. Modification of schedules;
5. Adjustment in hallway traffic and other student routes of travel;
6. Targeted use of monitors;
7. Staff professional development;
8. Parent conferences;
9. Involvement of parent-teacher organizations; and
10. Peer support groups.

B. Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

1. Detention

Teachers and administrators may use detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate and may let you know if it's outside the school day.

2. Suspension from transportation

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the Superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law Section 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and the penalty involved.

3. Suspension from athletic participation, extracurricular activities and other privileges

A student subjected to a suspension from athletic participation, extracurricular activities or other privileges is not entitled to a full hearing pursuant to Education Law Section 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

4. In-school suspension

The Board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the Board authorizes building principals and the Superintendent to place students who would otherwise be suspended from school as the result of a Code of Conduct violation in "in-school suspension."

A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law Section 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the in-school suspension to discuss the conduct and the penalty involved.

5. *Teacher disciplinary removal of disruptive students*

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. Such practices may include, but are not limited to:

1. short-term "time out" in an elementary classroom or in an administrator's office;
2. sending a student into the hallway briefly;
3. sending a student to the principal's office for the remainder of the class time only; or
4. sending a student to a counselor or other district staff member for counseling.

Time-honored classroom management techniques do not constitute disciplinary removals for purposes of this Code.

On occasion, a student's behavior may become disruptive. For purposes of this Code of Conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

A classroom teacher may remove a disruptive student from class for up to two (2) days. The removal from class applies to the class of the removing teacher only. The student should be remanded to the principal's office, unless otherwise directed.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24 hours.

The teacher must complete a district-established disciplinary removal form and meet with the principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day.

Within 24 hours after the student's removal, the principal or another district administrator designated by the principal must notify the student's parents by telephone, followed by a letter stating that the student has been removed from class and why. The notice must also inform the parent that he or she has the right, upon request to meet informally with the principal or the principal's designee to discuss the reasons for the removal.

The notification must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to insure receipt of the notice within 24 hours of the student's removal.

The principal may require the teacher who ordered the removal to attend the informal conference.

If at the informal meeting the student denies the charges, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and the principal

The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one (1) of the following:

1. The charges against the student are not supported by substantial evidence.
2. The student's removal is otherwise in violation of law, including the district's Code of Conduct.
3. The conduct warrants suspension from school pursuant to Education Law Section 3214 and a suspension will be imposed.

The principal or his or her designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.

Each teacher must keep a complete log (on a district provided form) for all cases of removal of students from his or her class. The principal must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under state or federal law or regulation.

6. Suspension from school

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The Board retains its authority to suspend students, but places primary responsibility for the suspension of students with the Superintendent and the building principals.

All staff members must immediately report and refer a violent student to the principal or the Superintendent for a violation of the Code of Conduct. All referrals shall be made in writing unless the conditions underlying the referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member making the referral.

The Superintendent or principal, upon receiving a referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

a. *Short-term (five [5] days or less) suspension from school*

When the Superintendent or principal (referred to as the “suspending authority”) proposes to suspend a student charged with misconduct for five (5) days or less pursuant to Education Law Section 3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student’s parents by calling them on the telephone, followed by a written notice within twenty-four (24) hours of the decision to propose suspension.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student’s presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student’s presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the principal shall promptly advise the parents in writing of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the Superintendent within five (5) business days, unless they can show extraordinary circumstances precluding them from doing so. The Superintendent shall issue a written decision regarding the appeal within ten (10) business days of receiving the appeal. If the parents are not satisfied with the Superintendent’s decision, they must file a written appeal to the Board of Education with the district clerk within three (3) business days of the date of the Superintendent’s decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within thirty (30) days of the decision.

b. *Long-term (more than five [5] days) suspension from school*

When the Superintendent or building principal determines that a suspension for more than five (5) days may be warranted, he or she shall give reasonable notice to the student and the student’s parents of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

The Superintendent or his/her designee shall personally hear and determine the proceeding or may, in his or her discretion designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the Superintendent. The report of the hearing officer shall be advisory only, and the Superintendent may accept all or any part thereof.

An appeal of the decision of the Superintendent may be made to the Board that will make its decision based solely upon the record before it. All appeals to the Board must be in writing and submitted to the district clerk within twenty (20) business days of the date of the Superintendent’s decision, unless the parents can show extraordinary circumstances precluding them from doing so. The Board may adopt in whole or in

part the decision of the Superintendent. Final decisions of the Board may be appealed to the Commissioner within thirty (30) days of the decision.

c. Permanent suspension

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

C. Minimum Periods of Suspension

1. Students who bring a weapon to school

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to suspension from school for a least one (1) calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law Section 3214. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the following:

- a. The student's age
- b. The student's grade in school.
- c. The student's prior disciplinary record.
- d. The Superintendent's belief that other forms of discipline may be more effective
- e. Input from parents, teachers and /or others.
- f. Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five (5) days. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom.

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom, will be suspended from school for at least five (5) days. For purposes of this Code of Conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law Section 3214(3-a) and this Code on four (4) or more occasions during a semester. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the

Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

D. Referrals

1. Counseling

The Guidance Office shall handle all referrals of students to counseling.

2. PINS Petitions

The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by Part One in Article 65 of the Education Law.
- b. Engaging in an ongoing or continual course of conduct which makes the student ungovernable or habitually disobedient and beyond the lawful control of the school.
- c. Knowingly and unlawfully possesses marijuana in violation of Penal Law Section 221.05. A single violation of Section 221.05 will be a sufficient basis for filing a PINS petition.

3. Juvenile Delinquents and Juvenile Offenders

The Superintendent is required to refer the following students to the County Attorney for a Juvenile delinquency proceeding before the Family Court:

- a. Any student under the age of 16 who is found to have brought a weapon to school, or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law Section 1.20(42).

The Superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

XII. Alternative Instruction

When a student of any age is removed from class by a teacher or a student of compulsory attendance age is suspended from school pursuant to Education Law Section 3214, the district will take immediate steps to provide alternative means of instruction for the student.

XIII. Discipline of Students with Disabilities

The Board recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board also recognizes that students with disabilities are provided with certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

A. Authorized Suspensions or Removal of Students with Disabilities

1. For purposes of this section of the Code of Conduct, the following definitions apply:

A “*suspension*” means a suspension pursuant to Education Law Section 3214.

A “*removal*” means a removal for disciplinary reasons from the student’s current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself or herself or others.

An “*IAES*” means a temporary educational placement for a period of up to forty-five (45) days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications, including those described on the student’s current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.

1. School personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:
 - a. The Board, the district (BOCES) Superintendent of Schools or a building principal may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five (5) consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
 - b. The Superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to ten (10) consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if the Superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.
 - c. The Superintendent may order additional suspensions of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.
 - d. The Superintendent may order the placement of a student with a disability in an IAES to be determined by the committee on special education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than forty-five (45) days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.
 - 1) “*Weapon*” means the same definition as “*Weapon*” was previously defined in this Code of Conduct.
 - 2) “*Controlled substance*” means a drug or other substance identified in certain provisions of the federal Controlled Substances Act specified in both federal and state law and regulations applicable to this policy.
 - 3) “*Illegal drugs*” means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.

Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting for up to forty-five (45) days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others.

B. Change of Placement Rule

1. A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:
 - a. for more than ten (10) consecutive school days; or
 - b. for a period of ten (10) consecutive school days, or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than ten (10) school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.
2. School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal.

However, the district may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removals, if the CSE has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

C. Special Rules Regarding the Suspension or Removal of Students with Disabilities

The district's Committee on Special Education shall:

- a. Conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the district is first suspending or removing a student with a disability for more than ten (10) school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs or controlled substances.

If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than ten (10) school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE shall review the behavioral intervention plan and its implementation to determine if modifications are necessary.

If one (1) or more members of the CSE believe that modifications are needed, the school district shall convene a meeting of the CSE to modify such plan and its implementation, to the extent the committee determines necessary.

- b. Conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.

2. The parents of a student who is facing disciplinary action, but who has not been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, shall have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the school district is deemed to have had knowledge that their child was a student with a disability before the behavior precipitating disciplinary action occurred. If the district is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes.
 - a. The Superintendent, building principal or other school official imposing a suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.
 - b. A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the district had knowledge the student was a student with a disability, the district either:
 - 1) conducted an individual evaluation and determined that the student is not a student with a disability, or,
 - 2) determined that an evaluation was not necessary and provided notice to the parents of such determination, in the manner required by applicable law and regulations, and
 - 3) the parent refused special education services.

If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student who is not a student presumed to have a disability for discipline purposes shall remain in the educational placement determined by the district, which can include suspension.

3. The district shall provide parents with notice of disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his/her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement.

The procedural safeguards notice prescribed by the Commissioner shall accompany the notice of disciplinary removal.

4. The parents of a student with disabilities subject to a suspension of five (5) consecutive school days or less shall be provided with the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.
5. Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five (5) school days shall be bifurcated into a guilt phase and a penalty phase in accordance with the procedures set forth in the Commissioner's regulations incorporated into this Code.

6. The removal of a student with disabilities other than a suspension or placement in an IAES shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students, except that school personnel may not impose such removal for more than ten (10) consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student's disability.
7. During any period of suspension or removal, including placement in an IAES, students with disabilities shall be provided services as required by the Commissioner's regulations incorporated into this Code.

D. Expedited Due Process Hearings

1. An expedited due process hearing shall be conducted in the manner specified by the Commissioner's regulations incorporated into this Code, if:
 - i. The district requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings.
 - ii. The parent requests such a hearing from a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.
 - i) During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs or controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student's disability for a student who has been placed in IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and the district agree otherwise.
 - ii) If school personnel propose to change the student's placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student shall remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.
2. An expedited due process hearing shall be completed within fifteen (15) business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of such time period, he or she must mail a written decision to the district and the parents within five (5) business days after the last hearing date, and in no event later than forty-five (45) calendar days after receipt of the request for a hearing, without exceptions or extensions.

E. Referral to law enforcement and judicial authorities

In accordance with the provisions of IDEA and its implementing regulations:

1. The district may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student's placement.
2. The Superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported.

XIV. Student Searches and Interrogations

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district Code of Conduct. Students are not entitled to any sort of “Miranda” type warning before being questioned by school officials, nor are school officials required to contact a student’s parent before questioning the student. However, school officials will tell all students why they are being questioned.

Lockers (even if the student owns the lock), desks, cubbyholes, etc., are the property of the school and subject to inspection *without cause*, at any time, *without notice or the student’s or parent’s permission or presence*. Students should take this policy into account when deciding whether to store personal belongings in such places.

In addition, the Board authorizes the Superintendent, building principals, the school nurse and district security officials to conduct searches of students and their belongings, including students’ vehicles where appropriate, if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district Code of Conduct.

An authorized school official may conduct a search of a student’s belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search a student or the student’s belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Searches of student’s person includes any search that involves physical contact with the student’s body, including clothing worn by the student, or the requirement that the student remove clothing, with the exception of outer garments such as coats, jackets, sweatshirts, sweaters, vests, etc. Removal of clothing shall be limited to removal of socks and shoes and articles of clothing that will not expose the student’s undergarments and private areas. These searches also include, but are not limited to pat-down searches, hand held metal detectors, alcohol sensing equipment, and the sniffing of a student by police search dogs.

Searches of the student’s person should be performed or witnessed by at least one (1) school employee who is the same gender as the student searched.

These searches will only be undertaken if the school Superintendent, building principal, assistant/associate principal or other administrator is present and if the administrator has reasonable grounds for suspecting that the search will uncover evidence that the student has violated or is violating the law or the rules of the school.

Before searching a student or the student’s belongings, the authorized school official should request the student to admit that he or she possesses physical evidence that they violated the law or the district Code, or request the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

XV. Visitors to the Schools

In order to avoid disruption of the educational process, visitors are expected to comply with this policy, and other applicable district policies including the Public Order policy.

During the school day, all visitors must report to the security office or other designated location to request a visitor's pass to be allowed further access to the building.

Members of the school district staff will treat parents and other members of the public with respect and expect the same in return. The district must keep schools and administrative offices free from disruptions and prevent unauthorized persons from entering school/district grounds.

If the person does not comply it will be considered a trespass and law enforcement authorities will be called. Future access to school property or events may be restricted.
2. **Directions to Staff in Dealing with Abusive Individual.** If any member of the public uses obscenities or speaks in a demanding, loud, insulting, and/or demeaning manner, the administrator or employee to whom the remarks are directed will calmly and politely warn the speaker to communicate civilly and that a failure to do so could result in a request to leave or end the contact. If the individual does not stop the abusive behavior, the district employee will verbally notify the individual that the meeting, conference, or telephone conversation is terminated. If the individual is on district premises or at a district event, the administrator, custodian or other person in charge, may request the abusive individual to leave promptly or law enforcement authorities will be called.
3. **Provide Policy and Report Incident.** When a staff member determines that a member of the public is in the process of violating the provisions of this policy, the staff member should direct the person to the building administrator, or other school official in charge, who should provide a written copy of this policy at the time of occurrence.

The staff member will provide a written report of the incident to his or her supervisor.

This policy should be posted in each school building main entrance area, main office and other conspicuous places.
