

Chenango Valley Central School District

Sports medical examinations All students participating in a sports program must submit a completed health history sport form on Rank One Sport for every sport season. If a student participates in a fall, winter, and spring sport, the form must be completed three separate times. A new physical is not required each time; a physical examination is valid for 12 months. If a student requires a physical, appointments will be available with our school physician during each sport season if you choose not to take your student to their primary physician.

Rank One Sport is available on the CV website: www.cvcasd.stier.org Home Page, you can also find it under the Athletic tab.
