### Item 1 New Bus Schedule Issues

1. CB Buses are generally on time
2. PD Buses are taking longer than planned
  - 3 buses are problem buses with times of over 1 hr ride for some students
  - Impacts Breakfast program and child care
3. Immediate Corrective Actions:
  - Move some students to different buses to shorten ride
  - Find new safe turn-around spots to shorten ride
  - See if we can add students to dedicated Parochial bus
4. Long Term Corrective Actions
  - Add another bus to PD runs when new bus drivers are certified
  - See if we can combine our Parochial students on other district dedicated bus and thereby free up a CV driver
  - Review bus routes and train schedules to avoid train delays
  - Work with other Districts to see if we can combine some transportation services for homeless runs
  - Review CV policy on Pick-up//Drop-off multiple locations – should it be limited to 2 addresses ?
5. Long Term Concerns
  - Is CV competitive with other districts
  - Getting new bus drivers - more pay with other types of jobs
  - Upcoming retirements by drivers

### Item 2 Common Transportation Issues for All Districts

- Bus driver jobs are not full-time
- n/ Drivers are generally retired or parents who cannot work full time
- Better pay elsewhere
